SANITARY SUPPLIES

Nothing makes a better impression to your customers and staff than a clean, orderly, well-stocked restroom. Rushing to the store to purchase hand towels and toilet paper can be time consuming and inconvenient. Instead, ditch the hassle and let Eagle deliver and maintain the inventory of sanitary products for your business.

Eagle delivers sanitary products as an additional benefit of our uniform and facility rental service.

We can set up regular sanitary product deliveries, or you can order whenever you wish. Your sanitary products will arrive along with the rest of your weekly delivery.

Eagle offers a very affordable range of sanitary products, such as paper towels, cloth-roll towels, toilet paper, odor-control products, and much more. Your customers and staff will appreciate your decision.
